Chapter News

November Technical Meeting Update
The Chapter Technical Meeting was conducted on November 9, 2017 at the Range Resources Auditorium in Southpointe in Canonsburg PA. The topic was “Serious Injury/Fatality Precursors imbedded in Vehicle Pedestrian Interaction Identify and Reduce them using Residual Risk Reduction (R3™) Assessment. The Presenter was Joe Briley of Liberty Mutual Insurance with Chad Wallaesa of Liberty Mutual Insurance.

We had 8 people attend!

5th Annual Western PA Regional Professional Development Conference (PDC)
This year’s 5th Annual Western PA ASSE Regional Professional Development Conference at IUP’s Kovalchick Center was a huge success! On Wednesday November 15, 2017, more than 230 Professionals and students attended the event along with 14 vendors. We would like to give a big “Thank You!” to the 7 sponsors! This highly successful event featured several nationally known keynote speakers, including Regina McMichael, Skipper Kendrick and our own Chapter member and Society Board Member Carl Heinlein. In addition, there were 9 breakout sessions on topic such as leading/lagging indicators, sustainability, electrical safety, safety leadership, generational gaps in the workplace, understanding our role as EH&S professionals in sustainability, and uncovering the hazard vs. risk debate.

The proceeds from the previous year’s events have gone to fund an endowed scholarship with the ASSE Foundation which provided its first award last spring to Dana Piper of IUP’s Safety Sciences Program. (The scholarship program is limited to students in one of the two Student Sections of the WPA Chapter – IUP and SRU.) Additional proceeds from subsequent years will be used to increase the amount of the fund and provide for more scholarship awards.

Stay tuned for the 2018 Regional PDC as this event rotates between the two Student Section campuses with next year’s event will be at SRU.
Volunteers Needed!!!

The Chapter needs volunteers to be active members filling important positions within the Chapter and to assist in various activities that are planned for the 2017-2018 chapter year. If you have any interest in volunteering to help with the Chapter activities, contact any of the 2017-2018 ASSE Western PA Chapter Executive Board listed on the last page of the Newsletter.

Student Sponsors

Students enrolled in Safety Sciences are the future of our profession. The Executive Committee and Chairs are continuing the effort to develop linkages and outreach with the two Student Sections at IUP and Slippery Rock. The current policy is to allow Student Section members from either school attend our monthly technical meetings for free. The chapter absorbs this cost in our operating budget. You can help the chapter by sponsoring a student or two and pay their meeting fee. If you or your company would be willing to do this, please get in touch with Pam Walaski, CSP, CHMM – P.Walaski@gaiconsultants.com or Jackie Kuntz, ASHM – safetyjackie@yahoo.com

Opportunities to Assist Students

As many of you know, our Professional Chapter sponsors two Student Sections at Indiana University and Slippery Rock University. For this Program Year, Jackie Kuntz and I have taken on the role of Student Section Liaisons and have been working with the faculty sponsors to identify how we can best work together. We have developed several goals for this year, one of which involves Professional members providing opportunities to assist students to prepare for graduation and professional work. This can be done through a variety of activities, including work-shadowing and internships; small group tours of member worksites; research projects; mock interviews; and resume practice.

We understand many of you perform these types of tasks as part of the organization you work for or because you are alumni of one of the schools. We are looking to expand this process and are looking for volunteers who are interested in engaging with a student(s) in some way. As safety professionals, we all understand the need to give back to our profession and to reach back and pull along the next generation who will continue the good work we do every day.

We know there are many demands on your time and we promise to make the commitment as minimal as possible and to work within your scheduling constraints. Please give this your best consideration and let Jackie or I know if you think you can help.

Thank you in advance!
Pam Walaski, CSP, CHMM – P.Walaski@gaiconsultants.com
